

**That is my
BOOK!!**

Logan surprised everyone with a special parting gift FREE 'Logan BUX' that he drew himself, reminding everyone that 'In Fun We Trust.' It was his way of saying, "Let's keep dreaming, learning, and having fun together!"

Meet Logan! He's a curious and kind-hearted boy who lives in a bright, cozy house. He loves watching tv on his ipad, playing video games, riding his bike, and playing a little football with his buddies. Although all that stuff keeps him entertained he can't help feeling there is a little more to the world outside his little bubble not realizing his first big life's challenge was fast approaching.

One day at school, Logan notices a big poster on the wall: The School Fall Talent Show is coming up! He dreams of performing something fun—maybe a magic act or playing a fun song. But can he do it? Logan's eyes light up with excitement as he imagines his big performance.
